COLUMBIA STEAM FIRE ENGINE CO .- The regular annual meeting of this company, last President occupied the chair.

was unanimously elected to active membership. The application of Mr. Wm. Rdey was received and referred to the Committee on Elec-

Mr. Thomas Leadbeater, chairman of the Executive Committee, reported from said committee as follows:

ALEXANDRIA, VA., Jan. 10, 1877.
To the officers and members of the Columbia

Steam Fire Company : GENTLEMEN-Your Executive Committee in presenting their annual report as required by the constitution of the company, would congratulate you upon your continued eareer of prosperity and usefulness, this seeming a proper time for so doing, when we reach another "mile stone" in our journey through life together. We feel sure that you will unite with us in emotions of pride at a retrespect of the achievements of the company in its line of duty, and that it has always been as Gen, J. E. City Council shows that the city expended for includes \$1,260 paid for salaries of engineer Treasurer's report accompanying shows a very healthful state of our finances. The thanks of the company are eminently due Mr. Janney for valuable services rendered, whether you conclude to elect another to this office or not, Our company has been in active service during the year 1876; as follows, viz: April S. Pishtown, 34 hours; Nov. S. Reed's fish house, 3½ hours; Dec. 12, McGraws summe mili, 6½ nours; Dec. 13, north Lee streat, 1 hour; Dec. 14, McGraw's sumae mill, } hour; Dec. 16, steam tug Belle Haven, I hour; total fires 6; number hours in service 151. In addition to the above our engine was in service at the ship yard on Feb. 17th for 75 minutes, in foreing water into the hull of the steamer Keyport for the purpose of testing it. This service, unlike such work as generally done, netted a profit for the city of \$21.25. This amount was placed by the Fire Wardens to the credit of the department. There were in addition to the above thirty-one occasions when the apparatus was out, but did not go into active service. The apparatus and other property in charge of the company is in first class working order. Mr. L. Campbell, engineer, deserves great eredit for the manner he has attended to the duties of his office, and the same may be justly said of Mr. Henry Posey, in his sphere of duty. They deserve the praise of the whole commu nity. We have now on hand 600 feet of hose in working order, and 300 feet which may be denominated second-class. We are sorry to

> THOMAS LEADBEATER, T. V. RISHEILL, W. A. SMOOT,

trave to repeat what we said in our last annual

report, viz: That the great want felt by our

company is more commodious and proper ac

commodations for our apparatus and horses.

We suppose, however, that the prevailing "hard times," especially in their baneful in-

fluence upon our city treasury, will make it

necessary for us to exercise the grace of pati-

ence still further. Respectfully submitted,

Executive Committee. The tollowing is a synopsis of the treasurer's report: The company's disbursements amount to about \$276,70. There remains in the hands of the treasurer at this time \$18.50 in each be longing to the company, and it is entirely free of debt. There is due the treasurer now by lice. This state of facts, especially during a the corporation of Alexandria \$6 (less tax) for portion of the holidays, is urged by the friends the coupons which matured on the 1st instant. The treasurer congratulates the company on its | which he has administered the laws. It is present sound and prosperous financial condition, owning as it does property to the amount at least of \$1,500, and having on hand in cash and ready marketable securities \$150 more. He offered his resignation, which the company promptly refused to accept, and he was reelected to the office for the seventh term.

The resignation of Mr. C. J. W. Summers, which was tabled at the last regular meeting, was read, and at his urgent request accepted. The resignations of Mr. D. A. Windsor and B. Wheat were received and accepted.

The constitution, which was found to be very imperfectly arranged, was, by request of Mr. McLean, ordered to be purged, and read by sections at the next regular meeting for adop-

GRAPE JUICE - The art of fermenting the Op-orto Grape into wine in this country has been brought to a greater degree of perfection by Mr. Alfred Speer, of Passaic, N.
